to make over the Government the Municipalities, but the Monthly Collections on these articles may be approximately estimated at Rs 500 a year which would still leave a loss to Government of Rs 3002-2-4.

5. Taking the results as respects the Municipalities above, I beg to state that with the exception of the Chittakotta Municipality whose loss is very heavy, the Davengere and Harihur Municipalities have benefited from the transfer to their source of income a moiety of the Inhabited tax and of the Octroi on the new articles viz dry and fresh Cocoanuts.

3. The Government in 1874 gave up the Inohaturfa Collections of the town of Chitaldoog to the Municipality on Condition that it should maintain the town police. The Chief Commissioner's proceedings dated 27th a September 1879 transferred half of the Inohaturfa Collections of the Davengere and Harihar Municipalities for Municipal purposes, reserving the remaining half to the Government on Condition of these Municipalities paying the moity Collections of Municipal House tax to the Government. The moity Collections of all the items amounted to Rs 3177-6-a which, when set off against the full amount viz Rs 6679-8-a of Collections for the year 1878-1879 (when the entire Inohaturfa Revenue was taken by the Government) shows a loss of Rs 3502-2-a in the Government Revenue.

4. In Order to meet, to some extent, the loss sustained by the Government half of the duty levied on Cocoanuts, fresh and dry, betel leaves and tobacco
